- Used in meeting room, multi-function hall, bar, museum, church, KTV etc. for bass reinforcement.

Technical Specifications

Feature	Specification
Frequency Response:	35 Hz – 150Hz
Sensitivity:	104 db
Spl Max:	134 db
Dispersion:	Omnidirectional
Loudspeaker Data:	
Configuration:	18" active high power subwoofer
Transducer:	LF: 1 × 18"
Impedance:	8Ω Nominal
Power Handling:	1000 / 2000W
Physical:	
Cabinet Construction:	High grade 100% birch plywood
Mounting:	Stand mount on top (M20)
Finish:	Texture coating (RAL colors available)
Grill And Rigging Component:	Steel with anti-corrosion coat
Dimensions (mm / Inch):	529 W – 550 D – 599 H / 20.8 W – 21.6 D – 23.6 H
Weight:	38 kg / 83.8 lb
Amplifier:	
Amplifier:	CLASS D amp. With DSP
Input:	2 × 1/4" & XLR combo
Output:	2 × XLR Line out
Control:	Volume, Polarity, LPF
Indicator:	Power, Clip
Voltage:	100V–240V (50~60Hz)
